Weekly Picks From the Band

Book of the Week

[*The Last Lecture*](#) fleshes out author Randy Pausch's lecture and discusses everything he wanted his children to know after his pancreatic cancer had taken his life. It includes stories of his childhood, lessons he wants his children to learn, and things he wants his children to know about him. He repeatedly stresses that one should to have fun in everything one does, that one should live life to its fullest because one never knows when it might be taken.

Movie of the Week

[*A Scanner Darkly*](#) is a 2006 animated film directed by Richard Linklater based on the novel of the same name by Philip K. Dick. The film tells the story of identity and deception in a near-future dystopia constantly under intensive high-technology police surveillance in the midst of a drug addiction epidemic. The movie was filmed digitally and then animated using interpolated rotoscope over the original footage, giving it its distinctive look.

Album of the Week

Thriller is the sixth studio album by American recording artist [Michael Jackson](#). Released in 1982 as the follow-up to Jackson's critically and

commercially successful 1979 album *Off the Wall*, *Thriller* explores similar genres to its predecessor, including funk, soul, pop, easy listening, R&B, rock, and post-disco music. *Thriller* is also listed by the National Association of Recording Merchandisers #3 in its Definitive 200 Albums of All Time.

Restaurant of the Week

[Pink Flamingo Pizza](#) of Paris offers round design delights available for take-out, bicycled home delivery with a t-shirt to go, or even a canal-side picnic. Cozy, convivial, and just the place to split a pizza with your bella fella.
